

MY AMBITION. GROWS EVERY DAY AT MAHLE.

Guilherme Konopkhas Salvatore, Quality Management

We like it when our employees have goals. What about you? Are you ready to grow with your challenges? We at MAHLE are a leading international supplier to the automotive industry. With our products for combustion engines and their peripherals as well as solutions for electric vehicles, we address all crucial issues related to the powertrain and air conditioning technology. Today, some 75.000 employees work on innovative products at 170 locations and 16 major development locations. Working together, we optimize existing technologies, develop new engineering concepts and set standards. By reducing fuel consumption and CO2 emissions, we are making an important contribution – for a better climate, with every second vehicle statistically.

Share professional know-how, develop ideas and take on responsibility. At MAHLE Behr Troy Inc. in Troy, Michigan as

Electrical Supplier Quality Engineer (SQE)

Would you like to take on assignments with a high level of responsibility?

- Lead and support supplier APQP and PPAP activities to ensure all deliverables are being fulfilled from design to launch
